THE SHADOW IN THE ATTIC

I will never forget the night it happened. It was a cool evening, and I was sitting in the living room with my (1) to eat of tea, and my friend (2) (3). Suddenly, I heard a loud noise. I stopped and listened. (4) was stood up, and he glowed softly. The noise came again, even louder, and I knew it was coming from the (5). Feeling nervous, I grabbed a (6) and slowly went upstairs. I might have been in danger if not for (7), who looked when we reached the top.

I opened the (8) door carefully, my heart beating fast. I shone my light and gasped in shock. There, glowing in the light, was a large, moving shape. It was (9) and about the size of an (10). I (11) and it looked like it was alive.

(12) I whispered, stepping back.

Before I could run, the thing rushed toward me. I was trapped. I quickly grabbed a (13) from a shelf and shot at it with my (14) old gun. Even then, it (15) at it, but nothing worked. It kept coming, growing bigger. Just when I thought it was over, someone crashed through the window. A tall man, dressed all in black except for his (16) (17), jumped in.

(18) he shouted, and like a (19), he attacked the creature with a strong hit.

Without realizing, the man wrapped the creature in a (20) and laid it with a crash.

"How did you do that?" I asked, breathing hard.

"That weak spot is their (21)," he said calmly. "One hit, and they can't move."

"But how do you find it?" I asked, looking at the strange creature.

"It's easy," he said. "It always near their (22)."

I thanked him for saving me. "What's your name?" I asked.

"My name is (23)," he said with a smile. "I have been hunting these monsters for a long time. Do you want to help me? We have more of them to fight!" I agreed, and that night my life changed. I learned how to find their (24) in less than (25) seconds, and together, we have defeated many of these monsters. I even got my own piece of (26) (27).

The Mirror's Secret

It was Halloween night. (1) and his/her (2) (3) were staying at their grandma's house. It was old, creaky, and next to a dark forest. After dinner, Tom whispered, "Let's check the (4) (5)." They grabbed a (6) and went downstairs. Inside the (7) (8) they found a dusty mirror with a golden frame. When Tom shone the light on it, the mirror glowed with a strange (9) light.

Suddenly, a tall figure wearing a black (10) (11) appeared in the reflection. Its (12) (13) glared at them, and in its hand was an old (14) (15).

"Who dares disturb me?" the figure hissed.

(16) screamed, (17) what do we do?"

(18) remembered their grandmother's (19) (20) with a key. He grabbed it from Lucy's pocket and held it towards the mirror. The figure lit out a loud (21) (22) before vanishing into thin air.

Shaken but safe, Tom and Lucy knew they'd never forget this Halloween night.

HALLOWEEN STORY GENERATOR

Work in pairs. Fill in the fields with the requested information. Then put the words in the right place to create your own horror story.

Objetivo:

El alumno/a será capaz de crear una historia de terror a partir de un generador de palabras y de completar la historia con las palabras que se le proporcionen.

Material:

Generador de palabras y hoja de trabajo para completar la historia.

Actividades:

1. Leer la historia y completar los espacios en blanco con las palabras que se le proporcionen.

2. Crear una historia de terror a partir de un generador de palabras y de completar la historia con las palabras que se le proporcionen.

Actividades complementarias:

1. Leer la historia y completar los espacios en blanco con las palabras que se le proporcionen.

2. Crear una historia de terror a partir de un generador de palabras y de completar la historia con las palabras que se le proporcionen.

Evaluación:

Se evaluará la capacidad del alumno/a para crear una historia de terror a partir de un generador de palabras y de completar la historia con las palabras que se le proporcionen.

HAUNTED AND CREEPY

I will never forget the night it happened. It was a quiet evening, and I was relaxing upstairs with my **(1)**, a good book, and my loyal **(2)**, **(3)**. Suddenly, there was a loud bang. I jumped up and carefully went downstairs. Everything seemed normal. But then, I heard the bang again, louder this time, and I realized it was coming from the **(4)**. Gathering my courage, I grabbed a **(5)** and headed downstairs quickly. I might have been in real danger, but **(3)** let out a loud "boom!" which made me jump just in time to dodge a long arm.

I pointed my **(5)** at the intruder and gasped in shock. There, in my **(4)**, was a giant, shapeless blob of ooze! It was as **(6)** as a devil and as big as a(n) **(7)**.

"**(8)**!" I shouted.

I ran back upstairs, but the creature chased me fast. I was trapped and knew I had to fight. First, I tried chopping it with a sharp **(9)** knife from the kitchen, then I shot it with my **(10)** 's shotgun hanging over the fireplace. Desperate, I even threw a **(11)** on it, but nothing worked. It just kept coming closer. I thought it was over for me when suddenly, a figure crashed through my window and jumped between us! He was tall, smelly, with wild eyes and drooping shoulders. He wore all black, except for his **(12)(13)**!

"**(14)**!" the stranger shouted. In a flash, he kicked the ooze creature hard, stunning it. Without wasting time, he tied it into a **(16)** and secured it with a long rope.

"How did you do that?!" I gasped, catching my breath.

"Their only weakness is their **(17)**," he said. "One strong kick and they're helpless."

"But how do you find it?" I asked, staring at the blob.

"That's easy," he replied. "It's right next to their **(18)**."

I thanked him for saving me and asked for his name. "I am **(19)**," he said. "I've been hunting these creatures my whole life. Join me, and together we'll rid the world of their stinking evil."

After learning the truth, how could I refuse? I joined **(19)** that night, and my life has never been the same. I learned how to spot their **(17)** in less than **(20)** seconds, and together we've defeated many ooze creatures. I even got my own **(12)(13)**!
